Review Business Grow

Positive feedback with the suggestion to have several workshops to chose from for example targeting different demographics.

PT in the Park?

Consens is that it would be great to establish a PT in the Park in Dunedin especially in South Dunedin. We want to work on that thought and check what would be involved in the organisation.

Important Dates

Get NZ Active Conference

25th - 27th November

Fitness Life awards

Network Coffee?

We planned to organise a more frequent informal meeting. Times will be mailed to all Otago trainers.

Where is the Industry heading?

As Pts we will get more and more involved in keeping older people fit. The Poulation is aging but stays active. Upskilling to work with the changing client base will be essential for the success of Pts in the future.

Meeting closed 3.55pm.

Next meeting
